

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

The industry is out of control with presentation and over controlled by corporations.

Can you answer these:

1. How many women American have appeared as experts on foreign policy?
2. How many women have appeared on news shows defining issue pertinent to women?
3. How many women are anchors who are over 40?
4. How many women who are hosts are not blond?
5. How many women who are Democrats? Independents? Ethnic and culturally diverse?

The market continues to serve white Republican men and shrieking blond Republican women.

Do your job; serve all the people of this country.
